# ABOUT US

Established in 2001 and headquartered in Egypt Egypt Wood Company is a leading organization in the wood Industry. They specialize in providing technologically treated wood and other products for furniture and flooring components offering a diverse range of materials through collaborations with companies like Akopa, AGT, ASD, Virgo, Yildiz, and UVLAC 5K

Egypt Wood Company takes pride in their skilled and specialized team Investing in their training and development to ensure high-quality products according to global industry standards Customer satisfaction and reliability are at the forefront of their focus making them a reputable and reliable choice for customers seeking construction and finishing materials

With an expansion beyond their local market, Egypt Wood Company exports their products to international markets offering innovative designs and exceptional quality that set them apart from the competition, they are committed to meeting global industry standards and providing high-quality products, making them a strong presence in the wood industry

# OUR MISSION

Egypt Wood Company is committed to constant innovation and keeping up with technological advancements to develop high-quality products that align with modern trends. We aim to provide permanent solutions to the needs of the furniture decoration, and construction sectors

Our top priority is ensuring customer satisfaction and confidence. We work diligently to provide stable color panels that maintain their appearance for many years, with high light stability that resists fading and discoloration over time

Our ultimate goal is to establish ourselves as a leading brand known for unmatched quality and reliability. We work tirelessly to earn the trust of our customers by consistently delivering exceptional products. At Egypt Wood Company, we are dedicated to providing innovative solutions and exceptional service to meet the needs of our customers

## OUR VISION

Egypt Wood Company is dedicated to adding an elegant touch and providing long-lasting solutions to the furniture and decoration industry. We strive to achieve high-quality surfaces through advanced technology, ensuring an ideal distribution of reflected light. Our %100 waterproof panels cancel the negative effects of water, providing reliable solutions to our customers.

We aim to add value to the market by introducing new trends and designs. Our innovative components enhance the quality and innovation of the Egyptian market. We import wooden components that are not only competitive but also come with a guarantee of excellent service.

Through our commitment to quality, innovation, and customer satisfaction, we aim to create a lasting impact in the furniture and decoration industry. At Egypt Wood Company, we are constantly striving to provide innovative and reliable solutions to our customers, while adding value to the market.
